

APOLLOLIMS™

LABORATORY INFORMATION MANAGEMENT SOFTWARE

ApolloLIMS Version 7.0

ApolloLIMS is a high performance, comprehensive Laboratory Information System that is designed to provide laboratories with an efficient and flexible workflow in a configurable off the shelf package. ApolloLIMS can be tailored to meet the needs of a wide variety of laboratories and has been implemented in Public Health, Clinical, Hospital, Toxicology, Environment, Pain Management and Forensics laboratories throughout North America and the Caribbean.

ApolloLIMS can help you reach your goals of productivity and cost efficiency:

- Designed to be scalable and flexible to meet the requirements of a variety of laboratory environments
- Centralized processing and data management on the server functions to increase system efficiency and security
- Integration of specimen processing, resulting, quality control, lab automation and result reporting allow the possibility of reducing workload on laboratory staff

Laboratory Workflow

The design of ApolloLIMS workflow has been based upon our experience of working directly with both domestic and international laboratories for over 20 years.

Features Include:

- Specimen Processing
- Reporting
- Customer Service
- Results Processing
- Inquiry

Laboratory Automation

ApolloLIMS is surrounded by a full library of modules and processes to expand on the workflow features and offer increased functionality.

- Quality Control
- Specimen Storage
- Instrument Interface
- Fax reporting
- Document Imaging
- Quality Assurance
- Supply Fulfillment
- Web Portal
- Voice Reporting
- Electronic Data Exchange with HL7

Our Company

In 2006 Common Cents Systems, Inc. of Nashville TN acquired M/Management Systems, Inc. a California corporation located in Sacramento. For the past 3 years Common Cents Systems has worked diligently to improve service to its growing list of customers in the public and private sector. Common Cents Systems operates offices in Nashville and Sacramento to best serve our customers throughout North America and the Caribbean.
